27 DEC 1965

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : OTR Support to Defense Intelligence Agency School

REFERENCE : DD/S Memo to DDTR, dtd 21 Dec 65, same subj.

1. We are unable to determine specifically that Secretary Vance is aware of CIA's total annual support to the Defense Intelligence School. We do know that Lt. General Carroll, Director, DIA, recognizes our substantial aid generally and it is logical to assume that some of this has been conveyed to the Joint Chiefs and conceivably to the Secretary level.

2. One official medium, the annual report prepared by the Commandant, DIS, does touch on CIA's participation. A copy of the 1964 report is attached. We believe it to be the most appropriate vehicle for gaining greater recognition for Agency support to DIS and therefore DIA. To this end, [ ] taking advantage of his fine rapport with senior DIS officers, has planted the idea of expanding CIA coverage in the 1965 report to be published in January. His suggestion received a most favorable reaction.

3. Presently we see no sound tactical basis for direct correspondence from the Director to Secretary Vance on this matter. We propose instead that we await the results of [ ] efforts before doing anything further officially.
